1 General Policies and Information

Revision, February 2012. Start of revision.

Students must inform themselves of University rules and regulations and keep abreast of any changes that may occur. The General Policies and Information section of this publication contains important details required by students during their studies at McGill and should be periodically consulted, along with other sections and related publications.

Revision, February 2012. End of revision.

1.1 Authorization, Acknowledgement, and Consent

Revision, February 2012. Start of revision.

When applying for admission to the University, you are bound by and agree to observe all statutes, rules, regulations, and policies at McGill University and the faculty or faculties to which you may be accepted and registered in, including policies contained in the University Calendars and related fee documents. Your obligation as a student begins with your registration and ends in accordance with the University's statutes, rules, regulations, and policies.

You should verify all information or statements provided with your application. Incorrect or false information may jeopardize your admission. The University reserves the right to revoke an admission that is granted based on incorrect or false information in an application or supporting documents.

Revision, February 2012. End of revision.

1.2 Student Rights and Responsibilities

Revision, February 2012. Start of revision.

The Handbook on Student Rights and Responsibilities is produced jointly by the Office of the Dean of Students and the University Secretariat. It contains regulations and policies governing your rights and responsibilities as a student at McGill, and is available to you electronically at www.mcgill.ca/secretariat/policies/students

To find out more about this topic, see: www.mcgill.ca/students/srr

Revision, February 2012. End of revision.

1.3 Language Policy

Revision, February 2012. Start of revision.

The main language of instruction at McGill is English. You have the right to write essays, examinations, and theses in English or in French, except in courses where knowledge of a language is one of the objectives of the course.

If you need to improve your English skills, you should take an intensive course in English as a second language before or at the start of your studies. Information concerning second-language courses and programs can be found through the School of Continuing Studies at www.mcgill.ca/conted/language and the French Language Centre at: www.mcgill.ca/flc, and in the Summer Studies and School of Continuing Studies publications. There are special language requirements for Faculty of Education students; see the Faculty of Education publication.

Note for Continuing Studies: For English language programs, see the School of Continuing Studies Programs, Courses and University Regulations publication under Areas of Study > Languages > : The Language and Intercultural Communication Unit > English Language Programs.

Note for Law: Due to the bilingual nature of the law program, examinations, term papers, and essays may be written in either English or French. Participation in Moot Courts may also be in either language. While examination questions are set in the language in which a course is given, they may contain materials in either English or French.

Note for Graduate and Postdoctoral Studies: You should refer to Graduate and Postdoctoral Studies University Regulations and Resources > Regulations > Registration > Courses Taken as Extra to a Program.

Revision, February 2012. End of revision.

1.4 Academic Integrity

Revision, February 2012. Start of revision.

Before submitting work in your courses, you must understand the meaning and consequences of plagiarism and cheating, which are serious forms of academic of Inform yourself about what might be considered plagiarism in an essay or term paper by consulting the course instructor to obtain appropriate referencing guidelines. You should also consult Fair Play, the student guide to academic integrity available at www.mcgill.ca/students/srr/honest. There you will also nd links to instructional tutorials and strategies to prevent cheating. The Code of Student Conduct and Disciplinary Procedures includes sections on plagiarism and cheating. The possession or use of unauthorized materials during a test or examination constitutes cheating. You can nd the Code in the Handbook on Student Rights and Responsibilities at www.mcgill.ca/students/srr/publications.

Responses on multiple-choice exams are normally checked by the Exam Security Computer Monitoring program. The program detects pairs of students with unusually similar answer patterns on multiple-choice exams. Data generated by this program can be used as admissible evidence in an investigation of cheating under Article 16 of the Code of Student Conduct and Disciplinary Procedures.

The Office of the Dean of Students administers the academic integrity process as described in the Handbook on Student Rights and Responsibilities.

Revision, February 2012. End of revision.

1.5 University Student Assessment Policy

Revision, February 2012. Start of revision.

The University Student Assessment Policy includes all disparate policies with regard to all types of student assessments. This policy is meant to protect students from excessive workloads, and to ensure that all students are treated equally.

This policy applies to undergraduate and graduate courses offered by the University that are evaluated by any form of assessment. Except where otherwise indicated, this policy applies to all faculties, including those which administer their own examinations.

You can consult the policy at University Student Assessment Policy.

Revision, February 2012. End of revision.

If you are a Canadian student from outside Quebec, you should check with your provincial medicare office to ensure that you have valid health coverage while studying at McGill.

If you are a Canadian student who has been living abroad, you may not be eligible for provincial health insurance coverage. To ensure adequate health insurance coverage, you may enrol in the group plan offered through International Student Services (www.mcgill.ca/internationalstudents/health/canadian-non-residents). Please note that this option is available only during the first month of each semester at McGill.

All undergraduate students who pay tuition fees at either the Canadian or Quebec rates and who are members of the Students' Society of McGill University (SSMU) or the Macdonald Campus Students' Society (MCSS) are automatically covered by their applicable Students' Society's Health and Dental Plans. For details on fees, change of coverage dates, and on what is covered by the plans, refer to www.ihaveaplan.ca. If you're not sure of your eligibility, contact the Alliance pour la santé étudiante au Québec (ASEQ) at 514-789-8775 or 1-866-795-4435, Monday to Friday from 9 a.m. to 5 p.m. (www.aseq.com).

Note for Continuing Studies: As a Continuing Studies student, you are not a member of SSMU or MCSS. Therefore, the coverage of the Students' Society's Health and Dental Plans is not applicable.

Note for Graduate and Postdoctoral Studies: Graduate students classed as Canadian full-time Additional Session/Thesis Examination/Non-Thesis Extension as well as all postdoctoral candidates are automatically covered by their society's Health and Dental Plan (PGSS). Students without valid Canadian Medicare, please see section 1.10 Health Insurance International Students. In 2012-2013, this plan costs $651 (single coverage). Students not charged during the fall term for insurance fees can choose to enrol directly at the PGSS office during the January adjustment period. For details on what is covered by this plan as well as opt-out procedures, please refer to the information contained at http://pgss.mcgill.ca.

2.1.1 Legal Documents: Why Does McGill Collect Legal Documents from You?

Revision, February 2012. Start of revision.

Your tuition status at McGill will vary depending on your status in Canada. In order for us to determine your appropriate rate of tuition (Quebec, Canadian out-of-province, or international), we require official documents confirming your current status. We also require these documents to confirm your valid citizenship/immigration status. To find out which documents you must provide, refer to: section 2.1.2 Legal Documents: What Documents Does McGill Need from You?

Some of the documents McGill requests of you help us obtain your Permanent Code from the Government of Quebec. This unique 12-character code is issued by the Quebec Ministère de l'Éducation, du Loisir et du Sport (MELS), and is obligatory for all students registered in a Quebec institution.

If you have previously attended school in Quebec, you already possess a Permanent Code, which can be found on your school report card or your CEGEP and/or university transcripts. After you have accepted the University's offer of admission, you can check on Minerva (under the Personal Menu) to see if McGill has received your Permanent Code.

You can consult your tuition and legal status (including your Permanent Code) on Minerva (www.mcgill.ca/minerva). Select Student Menu > Student Accounts Menu > View your Tuition and Legal Status

Revision, February 2012. End of revision.

3.9 Quebec Inter-University Transfer Agreement: McGill Students

Revision, February 2012. Start of revision.

The Quebec Inter-University Transfer (IUT) agreement permits concurrent registration at McGill and another Quebec institution.

If you are a regular McGill undergraduate or graduate degree, diploma, or certificate student, you may register, with your faculty's permission, at a Quebec university for three, or in some cases six, credits per term in addition to your registration at McGill. You may also obtain permission to complete a full term (i.e., 12 to 15 credits) at another Quebec university. These courses, subject to faculty regulations, will be recognized by McGill for the degree that you are registered for, up to the limit imposed by the residency requirements of the program. Normally, you must complete a minimum residency requirement of 60 credits at McGill in order to qualify for a McGill degree (you should check with your faculty). This privilege will be granted if there are valid academic reasons.

If you want to take advantage of this agreement, consult your Student Affairs Office for details. Note that this agreement is subject to the following conditions:

The Quebec universities concerned may, at their discretion, refuse the registration of a student for any of their courses.

You must complete your f

3.11 Courses Taken under the Satisfactory/Unsatisfactory (S/U) Option

Revision, February 2012. Start of revision.

The principle of the Satisfactory/Unsatisfactory (S/U) option is to encourage you to take courses outside the area of your specialization with the aim of enabling you to acquire knowledge and skills in a variety of fields.

Where permitted by faculty and program regulations, you may take one elective course per term to be graded under the Satisfactory/Unsatisfactory (S/U) option, to a maximum of 10% of your credits taken at McGill to fulfill the degree requirements.

If you decide to have an elective course graded as Satisfactory/Unsatisfactory (S/U), you must do so before the Course Change deadline on Minerva (www.mcgill.ca/minerva) as part of the Student Menu > Registration Menu > Quick Add or Drop Course Sections Menu. You cannot make any changes after the Course Change deadline even if you selected the option by mistake. If the course is a multi-term course, you must select the S/U option by the Course Change deadline of the first part of the course.

The instructor will report grades in the normal fashion. Grades of A through C are converted to "Satisfactory" (S), and grades of D, E and J are converted to "Unsatisfactory" (U). The courses taken under the S/U option will be excluded from the grade point average (GPA) calculations, but they will be included in the attempted credits total. Credits for courses with a final grade of S will also be included in the number of credits earned.

Note: To be considered for in-course awards, including Dean's Honour List designations, and/or the award of entrance scholarships, you must complete at least 27 graded credits in the regular academic session, not including courses completed under the S/U option.

Note: The S/U option is not available via Minerva to Visiting, Exchange, or Quebec Inter-University Transfer Agreement (IUT) students. These students must first contact their home university to ensure that a course taken under the S/U option is acceptable to their home university and that the credits are transferable. After receiving approval from their home university and before McGill's Course Change deadline, they must then consult their McGill faculty Student Affairs Office for approval. Students in the faculties of Arts or Science: you will need to go to Service Point (3415 McTavish Street) to make this request. However, it is important that you also see a faculty adviser in Dawson Hall to talk about your options and the effects that your request may have on your studies. For more information, see www.mcgill.ca/students/advising

Note: Special Students are not eligible to select the S/U option.

For further information, contact your departmental adviser or student affairs office, as appropriate.

Note for Agricultural & Environmental Sciences, Arts, B.A. & Sc. and Science Freshman year (U0) students are not eligible to select the S/U option.

Note for Engineering:

You will only be permitted to take a course under the Satisfactory/Unsatisfactory (S/U) option if you are in Satisfactory Standing.

B.Eng. and B.S.E. students may use the S/U option for Complementary Studies courses (i.e., Group A, Impact of Technology on Society and Group B Humanities and Social Sciences, Management Studies and Law

Please see the Student Accounts website at www.mcgill.ca/student-accounts for the various methods of payment available to students and their guests.

4.4 Other Information: Tax Slips/Receipts

T4A (RL-1); T2202A and Relevé 8 slips are issued on Minerva (www.mcgill.ca/minerva) under the Student Accounts Menu by the end of February each year. Note that a social insurance number and valid mailing address are required to be transmitted to Revenu Québec by the University as part of its tax reporting for both the T4A and the Relevé 8 slip; therefore, it is highly recommended that if you expect to be completing a Quebec income tax return, you provide this information to the University upon registration. More information on these slips is available on www.mcgill.ca/student-accounts

4.5 Other Information: Students With Sponsors

If your fees will be paid by an external organization or agency (e.g., Department of Veterans Affairs, Saudi Bureau, foreign government), you must have your sponsor confirm the conditions of their sponsorship (sometimes called a financial guarantee) in writing on their corporate letterhead.

5.1 Academic Standing

You enter the University in satisfactory standing, and your academic standing is determined soon after the end of a term based on University regulations. Standing codes are generated in January for the Fall term, in May for the Winter term, and in September for the Summer term, and are displayed on your McGill official and unofficial transcripts. If you receive unsatisfactory standing, you must apply to your faculty for readmission. Consult the appropriate section of this publication for the regulations on academic standing for your faculty.

Note for Continuing Studies: If you are in unsatisfactory standing, you must apply to the Appeals Committee of your academic area.

5.1.1 Academic Standing: Faculties of Arts and Science (including B.A. & Sc.)

Your academic standing is based primarily on your cumulative grade point average (CGPA), but may also be affected by your term grade point average (TGPA). The standing in each term determines if you are eligible to continue your studies in the next term, and if any conditions will be attached to your registration.

Decisions about academic standing in the Fall Term are based only on grades that are available in January, i.e., if you have deferred examinations or Fall/Winter spanned courses, grades for those courses don't affect your Fall academic standing – they will only affect your Fall TGPA. Therefore, academic standings for the Fall term are designated as interim. Note that interim standings do not appear on your official transcript. Consult the appropriate section of this publication for the regulations on Interim standing decisions.

5.1.1.1 Satisfactory/Interim Satisfactory Standing: Faculties of Arts and Science (including B.A. & Sc.)

If you are in interim satisfactory or satisfactory standing:

- you may continue in your program;
- you have a CGPA of 2.00 or greater

5.1.1.2 Probationary/Interim Probationary Standing: Faculties of Arts and Science (including B.A. & Sc.)

If you are in interim probationary standing (at the end of the Fall Term):

- you may continue in your program;
- you should evaluate your course load and reduce it as appropriate;
- you are strongly advised to consult a departmental adviser before withdrawal deadlines about your course selection for Winter term;
- you should see your faculty adviser to discuss degree planning.

If you are in probationary standing:

- you may continue in your program;
- you must carry a reduced load (maximum 14 credits per term);
- you must raise your CGPA to return to satisfactory standing;
- you should see your departmental adviser about your course selection;
- you should see your faculty adviser to discuss degree planning.

You will be placed in probationary standing:

- if your CGPA falls between 1.50 and 1.99 and if you were previously in satisfactory standing;
- if your CGPA falls between 1.50 and 1.99 and your TGPA in Fall or Winter is 2.50 or higher, and if you were previously in probationary or interim unsatisfactory standing;
- if you were previously in unsatisfactory readmitted standing and have satisfied the relevant conditions specified in your letter of readmission, but your CGPA is still less than 2.00.

5.1.1.3 Unsatisfactory Readmitted Standing: Faculties of Arts and Science (including B.A. & Sc.)

If you are in unsatisfactory readmitted standing:

- you were previously in unsatisfactory standing and were readmitted by your faculty or the Committee on Student Standing;
- you must meet the conditions specified in your letter of readmission to be allowed to continue in your program;
- you should see your departmental adviser to discuss your course selection;
- you should see your faculty adviser to discuss degree planning.

5.1.1.4 Unsatisfactory/Interim Unsatisfactory Standing: Faculties of Arts and Science (including B.A. & Sc.)

If you are in interim unsatisfactory standing (at the end of the Fall term):

- you may continue in your program;
- you should evaluate your course load and reduce it as appropriate;
- you are strongly advised to consult an academic adviser, before withdrawal deadlines, about your course selection;
- you should see your Faculty adviser to discuss degree planning.

If you are in unsatisfactory standing:

- you have failed to meet the minimum standards set by the Faculties;
- you may not continue in your program, and your registration will be cancelled.

You will be placed in unsatisfactory standing:

- if your CGPA falls or remains below 1.50;
- if your TGPA in the Fall or Winter falls below 2.50 and your CGPA is below 2.00 and if you were previously in probationary, unsatisfactory readmitted, or interim unsatisfactory standing;
- if you were previously in unsatisfactory standing and were readmitted by the Faculty or the Committee on Student Standing on the condition that you have not satisfied the conditions specified in the letter of readmission.

Appeals for readmission by students in unsatisfactory standing should be received no later than July 15 for readmission to the Fall term, November 15 for the Winter term, and June 10 for the Summer term. Readmission will be considered only when circumstances affecting academic performance can be provided (e.g., medical or other documentation). If you are in unsatisfactory standing for the second time, you must withdraw permanently.

Normally, supplemental examinations are not permitted; however, if you are in unsatisfactory standing, you may appeal for permission to write a supplemental examination, clearly stating the reasons for special consideration and providing proof as appropriate.

Appeals for readmission or permission for supplemental examinations must be submitted to:

Arts: Associate Dean (Student Affairs)
Science and B.A. & Sc.: Director of Advising Services

Note for students in the Concurrent B.Sc.-B.Ed. Program: If you receive an F or J in any Education Field Experience course, you are placed in unsatisfactory standing. Although you may complete your term, you are required to withdraw from the Concurrent Program. However, you may apply to transfer to a conventional B.Sc. program as outlined in the Undergraduate Programs, Courses and University Regulations publication under Faculty of Science -> Science or Mathematics for Teachers.

5.1.1.5 Incomplete Standings: Faculties of Arts and Science (including B.A. & Sc.)

Standing awaits deferred exam.

Must clear K's, L's or Supplementals.

Standing Incomplete.

If you are a student with an incomplete standing (in the Winter or Summer term):

- you may register for the Fall term, but your standing must be resolved by the end of the course change period for that term;
- you may continue in the program if incomplete standing changes to satisfactory, probationary, or interim unsatisfactory standing;
- you may not continue in your program and your registration will be cancelled if standing changes to unsatisfactory standing.

If your standing changes to unsatisfactory:

- you may ask for permission to continue in your program;

Note: Requests are made at the Service Point (3415 McTavish Street). However, it is important that you also see a Faculty adviser in Dawson Hall to talk about your options and the effects that your request may have on your studies. For more information, see www.mcgill.ca/students/advising.

5.1.2 Academic Standing: Faculty of Engineering

In the Faculty of Engineering, a decision on your academic standing is determined on the basis of your Cumulative Grade Point Average (CGPA) according to the criteria listed below.

Note: The Faculty determines academic standing decisions after the completion of each academic term (Fall, Winter, Summer) based on grades obtained up to that point. If you have been granted permission to defer one or more examinations, the academic standing decision will be made pending the deferred exam grade.

5.1.2.1 Satisfactory Standing: Faculty of Engineering

You are in satisfactory standing if you have a CGPA of 2.00 or greater

You may continue with your studies under the following conditions:

- If you obtained a grade of D or F in a core course, you must repeat the course successfully (grade of C or better) or replace it with an approved course and successfully complete the course.
- If you obtained a grade of F in another course, you must either repeat the course successfully before graduation or replace it with an approved course and successfully complete the course before graduation.

5.1.2.2 Probationary Standing: Faculty of Engineering

You are in probationary standing if you have EITHER :

a CGPA that is less than 2.00 and equal to or greater than 1.20
OR
a TGPA that is equal to or greater than 2.50 and a CGPA that is less than 2.00.

You may continue with your studies under the following conditions:

- You must reduce your credit load to a maximum of 13 credits per term and must obtain, at the end of the term, either a CGPA of 2.00 or greater or a TGPA of 2.50 or greater
- If you have a TGPA of 2.50 or greater, but you have a CGPA that is less than 2.00, you may continue with your studies but you will remain in probationary standing until you obtain a CGPA of 2.0 or greater
- If you do not obtain either the TGPA or CGPA noted above, you will be placed in unsatisfactory standing.
- You must consult a faculty or departmental adviser before withdrawal deadlines concerning your course selection.

5.1.2.3 Unsatisfactory Standing: Faculty of Engineering

You are in unsatisfactory standing if you have EITHER :

a CGPA that is less than 1.20

For more information about academic standing, see www.mcgill.ca/engineering/student/sao/policies/academic

5.1.3 Academic Standing: Faculty of Law

If you do not obtain a sessional Grade Point Average (GPA) at the end of Fall and Winter terms combined) of 1.50, you will be required to withdraw from the Faculty. If your sessional GPA is between 1.50 and 1.99, you will be permitted to continue with your program but you must obtain a subsequent sessional GPA of 2.50 or a Cumulative GPA (CGPA) of 2.00. You must have a CGPA of 2.00 to be considered for graduation. Students who are required to withdraw from the Faculty may be authorized to continue in their program by the Faculty Admissions Committee if there are exceptional reasons for the required withdrawal.

5.1.4 Academic Standing: Continuing Studies

If you are in unsatisfactory standing, you must apply to the Appeals Committee of your academic area.

5.1.5 Academic Standing for Degree Students Registered in the Summer Term

If you are in Unsatisfactory Standing, you may register in Summer courses but will be blocked from Fall term registration unless you have been readmitted by your faculty. Consult the student affairs office of your faculty for more information (www.mcgill.ca/students/advising/advisordirectory).

If you are graduating at the end of the Winter 2012 term, you can still register in Summer courses, but you will be classified as a Special Student. Please contact Enrolment Services on the Downtown campus or the Student Affairs Office on the Macdonald campus for a Change of Program Status Form and for further information.

You are reminded that you cannot graduate at the end of the Summer 2012 term and attend the Spring 2012 convocation. If you complete your degree requirements during Summer 2012, you will be granted your degree at the Fall 2012 convocation.

5.2 Credit System

Revision, February 2012. Start of revision.

The faculties listed in this publication use the credit system, where each course is assigned a credit rating reflecting the number of weekly contact hours. In general, a three-credit course indicates three hours of lectures per week for one term (this does not apply to all faculties. Laboratory contact hours usually count for fewer credits. Credits also reflect the amount of effort required of the student and generally assume two hours of personal study for each contact hour.

The credit weight of each course is indicated in parentheses beside the course title.

Note: Credit for multi-term courses (courses with the suffix D1, D2; N1, N2; J1, J2, J3) is granted only after successful completion of all components in the specified time frame. For example, a student would have to take D1 and D2 components in consecutive terms and successfully complete them both in order to obtain credit.

Note for Agricultural and Environmental Sciences, and Science: As a guideline, a one-credit course should represent approximately 45 hours total work per course. This is, in general, a combination of lecture hours and other contact hours such as laboratory periods, tutorials, and problem periods as well as personal study hours.

Note for Engineering: One credit normally represents three hours total work per week. This is, in general, a combination of lecture hours and other contact hours such as laboratory periods, tutorials and problem periods as well as personal study hours. As a guide, the average number of hours per week of course activities is indicated in hours in the course listing after the course credits. For example, (3-0-6) indicates a course consisting of three lecture hours per week, no other contact hours, and six hours of personal study per week.

Note for Summer Studies: For Summer courses, a three-credit course usually indicates ten hours of lectures per week starting in either the May, June, or July session and spanning a maximum period of five weeks.

Revision, February 2012. End of revision.

5.3 Grading and Grade Point Averages (GPA)

Courses can be graded either by letter grades or in percentages, but the official grade in each course is the letter grade. Where appropriate, a class average appears on transcripts expressed as the letter grade most representative of the class performance.

Since Fall 2002, the University has only used letter grades on transcripts and certification forms.

Grades A through C represent satisfactory passes, D a conditional (non-continuation) pass, and F a fail. Certain courses have been approved for Pass/Fail (P/F) grading. Students may also designate elective courses to be graded under the S/U option. See Section 3.11 Courses Taken under the Satisfactory/Unsatisfactory (S/U) Option.

You must obtain a grade of C or better in courses that you take to fulfill program requirements. You may not register in a course unless you have passed all the prerequisite courses with a grade of C or better, except by written permission of the appropriate department chair.

NA or &&	grade not yet available
W- - or - -	no grade; student withdrew from the University, not calculated in TGPA or CGPA

5.5 Grading and Grade Point Averages (GPA): Unexcused Absences

All students who miss a nal exam are given a J grade. You then have the following options:

1. Ask to be assigned a grade based only on the grades earned for course work submitted up to, but not including, the nal exam.

   The grade earned is calculated by adding the grades obtained on the individual pieces of work and a grade of 0 for the portion of the nal grade allocated to the nal exam. This option is not available if the professor stipulated in the course outline that the nal exam is a required part of the evaluation.
2. Request a deferred exam, if you have the appropriate reasons and documentation.
3. Apply for a supplemental exam if permitted by your faculty.

Note for Engineering: Option 1 is not available to students in the Faculty of Engineering.

You must request option 1) no later than four months after the end of the examination period of the original course.

You must request option 2) by the faculty deadlines as indicated in University Regulations and Resources> Undergraduate> Examinations: General Information> Final Examinations> : Final Examinations: Deferred Examinations

You must request option 3) by the faculty deadlines as indicated at www.mcgill.ca/students/exams/schedules

If you wish to appeal a J grade, you should write to your Associate Dean or Director

Note for the Faculties of Arts and Science (including B.A. & Sc.): Requests are made at Service Point (3415 McTavish Street). However, it is important that you also see a Faculty adviser in Dawson Hall to talk about your options and the effects that your request may have on your studies. For more information, see www.mcgill.ca/students/advising

Note for Graduate and Postdoctoral Studies: Only options 2 and 3 above are applicable to graduate students. Students wishing to appeal a J grade should write to the Associate Dean (GPS) or Director (GPS).

5.6 Verification of Student Records: Unofficial Transcripts

Subject to section 5.7 Changes to Student Records after Normal Deadlines, you are responsible for verifying your academic record on Minerva (www.mcgill.ca/minerva) using the unofficial transcript to ensure that you are registered in the proper courses, and that the correct program information and expected term of graduation appear on your record.

If you are graduating, verify your record on Minerva before the end of your nal term to ensure that the correct expected graduation term appears on your unofficial transcript; if not, you may be overlooked for graduation. You should direct any questions or problems with your record to your Student Affairs Office.

Note for the Faculties of Arts and Science (including B.A. & Sc.): Requests are made at Service Point (3415 McTavish Street). However, it is important that you also see a Faculty adviser in Dawson Hall to talk about your options and the effects that your request may have on your studies. For more information, see www.mcgill.ca/students/advising

Note for Graduate and Postdoctoral Studies: You should direct any questions or problems with your record to your Graduate Program Director or directly to GPS.

5.7 Changes to Student Records after Normal Deadlines

2. Written examinations (including take-home examinations) shall not be held during the last two weeks of scheduled classes during the Fall and Winter terms, except where a pattern of continuous evaluation has been established, in which case the total value of examinations given in this period shall comprise no more than 10% of the final mark.
3. If the written examinations in a course constitute 50% or more of the final mark, one of these shall be a final written examination, and it shall take place during the examination period after the last day of scheduled lectures in December or April.
4. A final examination given during the examination period shall be worth at least 25% of the final mark.
5. Students shall be informed of all course requirements by the end of the course change period. All term work shall be assigned early enough in the term for students to complete the assignment(s) by the last day of class.

20 The University

McGill University is one of Canada's best-known institutions of higher learning and one of the country's leading research-intensive universities. With students coming to McGill from about 150 countries, our student body is the most internationally diverse of any medical-doctoral university in Canada.

20.1 History

The Hon. James McGill, a leading merchant and prominent citizen of Montreal, who died in 1813, bequeathed an estate of 46 acres called Burnside Place together with £10,000 to the Royal Institution for the Advancement of Learning upon condition that the latter erect upon the said tract or parcel of land, an University or College, for the purpose of education and the advancement of learning in this Province ; and further upon condition that one of the Colleges to be comprised in the said University shall be named and perpetually known and distinguished by the appellation of McGill College.

At the time of James McGill's death, the Royal Institution, although authorized by law in 1801, had not been created, but was duly instituted in 1819. In 1821 it obtained a Royal Charter for a university to be called McGill College. Further delay was occasioned by litigation, and the Burnside estate was not acquired until March 1829. The Montreal Medical Institution, which had given medical lectures at the Montreal General Hospital in 1822, was accepted by the College as its F

The above three colleges train students for the ministry and grant certificates for ordination but they have remitted their degree-granting powers, except with respect to the M.Div. and honorary doctorates, to the University.

20.3 University Government

McGill University is a corporation created by a Royal Charter granted by the Crown of the United Kingdom, a general supervisory power being retained by the Crown and exercised through the Governor General as Visitor.

The Governors of the University constitute the Royal Institution for the Advancement of Learning, a corporation existing under the laws of the Province of Quebec. In them is vested the management of finances, the appointment of professors, and other duties. Twelve of the governors are elected by the Board from amongst those nominated by its membership committee; three are elected by the Association; two are elected by Senate from amongst its members; two elected by the full-time administrative and support staff from amongst its members; one elected by the full-time academic staff; and two elected by students from amongst the student body. The Board elects the Chancellor of the University and also, from amongst its members, a chair to preside at its meetings, who may also be the Chancellor. The Chancellor and the Principal are ex officio members.

The Chancellor is presiding officer of Convocation and of joint sessions of the Board of Governors and the Senate.

The Chair of the Board of Governors is President of the Royal Institution for the Advancement of Learning.

The Principal and Vice-Chancellor is the chief executive officer of the University, appointed by the Board of Governors after consultation with a Statutory Committee to Nominate a Principal. The Principal is, ex officio, Chair of Senate.

The Senate is the highest academic authority of the University and has control over admission, courses of study, discipline, and degrees. The regulations of Senate are executed by the various faculties and schools, which also carry primary responsibility for the education work of the University.

20.4 Recognition of Degrees

The Royal Institution for the Advancement of Learning (McGill University) is a publicly funded institution and holds a Royal Charter dated 1821 (amended in 1852) as well as being incorporated under the laws of the Province of Quebec.

McGill University was a founding member of the organization which evolved into the current Association of Universities and Colleges of Canada (A.U.C.C.) in

20.8 Student Governance

All students registered in an undergraduate program on the Downtown (McGill) campus are registered members of the accredited Students' Society of McGill University, affectionately known as SSMU. SSMU acts as your representation on issues inside and outside of the campus. There are six elected executives of the SSMU who represent all 20,000-plus undergrads on the Downtown campus. There is a legislative council that meets with representatives from faculty associations and other student groups around campus on a bi-weekly basis. This council of thirty-five members meets to discuss SSMU business.

The SSMU runs over 200 clubs and services and provides a great deal of extra-curricular opportunities for students to balance a life of study with a life of play and an opportunity to meet other students. The organization also provides event programming like freshman orientation (Orientation Week/Frosh), Activities Night, a holiday fair, movie screenings, Homecoming Bash, concerts, and speakers. Each faculty and each department also has organizations dedicated to providing extra-curricular involvement for their students.

Situated on the Downtown campus, the SSMU operates a three-floor building including a student lounge, cafeteria, campus pub, office space, and a campus multipurpose venue.

The SSMU offices are located at 3600 McTavish Street, suite 1200 and operate between the hours of 9:00 a.m. and 5:00 p.m. during the year.
