

SPO329 PLANT GIVEAWAY AND AWARENESS CAMPAIGN

Final Report prepared by Juliet Guay
Email Juliet.guay@mail.mcgill.ca

1. Please describe the key successes and challenges of your project.

To highlight Earth day, the Green Labs Initiative at the Lady Davis Institute (LDI) wanted to demonstrate our will to make a change towards more sustainable practices in research. For the event, we grew two types of plants to be given away to the LDI community. We managed to prepare 16 individual plants in clay pots. We set up a table in a

# of people hired using SPF funding for the project	NA
# of volunteers directly or indirectly engaged in the project	5
# of people (student, staff, or other) trained in the context of the project	NA
\$ raised for project activities subsequent to SPF funding	NA
# of tons of GHG emissions reduced by your project	NA
# of partnerships or collaborations developed between the project team and other McGill administrative units, student groups, community groups, other universities, and/or other groups/organizations	1

Please list the groups that you counted in the last Key Success Indicator. You may elaborate on any other Key Success Indicators here.

2. Will this project continue in the future? If so, how do you envision the future of the project / how will your purchased items be maintained?
